NO REMORSE FOR HIS CRIME.

Associated Press Dispatches by The Tribune's Special Leased Wire. HOWARD CITY, Mich., May 12.—Joseph Harvey, murderer of his grandmother, uncle and wife, who also fatally wounded his father-in-law and then tried to commit suicide, was taken to the County Jail at St. Ignace today. The young man slept soundly all night and when questioned by relatives he expressed no emotion over his atrocious crimes. He has given no indications whatever of insanity, saying his uncle, Peterson, quarreled with him and added "house in the rain. He still insists that his dead uncle killed his grandmother and he then killed his uncle out of revenge. He says he is sorry that he killed his wife, but did it because he intended to kill himself and did not want her to live after he was gone. Aside from having a fiery temper, Harvey was not known to have any vicious traits.

STRIKERS TRUST BISHOP QUIGLEY.

Associated Press Dispatches by The Tribune's Special Leased Wire. BUFFALO, N. Y., May 12.—There was no material change in the elevator situation this morning. Between thirty and forty colored men were brought here from Cincinnati during the night and placed at work on the central docks. They proved to be experienced workmen. The Erie railroad brought in 150 men today, section men and other hands, picked up along the road. Some of them refused to work. A committee which met at Bishop Quigley's residence this morning, agreed to go to the men and ask for full power to act. The committee immediately left for St. Peter's Annex, where the Bishop and others addressed an enthusiastic meeting of grain shovellers. President Keefe, appealed to the men to trust the Bishop and the committee will give him full power to act in their best interests. President Keefe said after the meeting that the men would be at work Monday morning.

HANGING OF AN OREGON BRUTE.

EUGENE, Ore., May 12.—Claude Branton was hanged today for the murder of John Linn. Branton walked upon the scaffold unassisted. He asked the people present not to bear any ill-will against his relatives on his account. Fifteen minutes after the trap was sprung the body was cut down. BRANTON'S CRIME. The crime for which Claude Branton died the penalty of death was the taking of the life of John Linn, a stockman of Clatsop county. In April, 1908, Branton and Count-Land Green, who is now serving a life sentence in the penitentiary for complicity in the crime, left their homes near Walla Walla, Lane county, to go to Oregon to work. Branton had received from Linn a proposition to work for him herding a band of horses. While working in eastern Oregon Branton and Green laid plans to murder Linn, to get the horses and some of the money which they believed him to have. They induced him to cross the mountains with them, representing to him that on arriving at Branton's home at Walla Walla, he (Branton) would trade him a piece of land for an interest in the horses. Branton started to shoot after he had been away for some time. Branton shot him two or three times with a revolver, and then, assisted by Green, placed the body on the camp fire. They watched up all night and frequently replenished the fire with fuel until the body was entirely consumed. They then raked the small pieces of bones from the ashes, tied them in a sack and hid them. Branton left the country, but news of the crime soon got out. On July 2nd, Courtney Green, who was arrested made a confession, and a search was immediately commenced for Branton. In the latter part of July he returned to Eugene, and was arrested before he knew that the body of the crime had been made public.

The four bodies recovered were so badly disfigured that it was difficult to identify them. The accident occurred while a large number of Hungarians were screening coal. The big bank of coal refuse which towered above was seen to quiver and collapse, completely burying the workmen. A rescuing force immediately started to work and succeeded in recovering the four bodies. Two Hungarians were found wedged in between piles of timber. They were badly injured. MISSING MEN UNINJURED. Two killed and one injured. JOHNS GANGHAN, aged 65, married. JOHN KOKO, aged 28, single. JOSE SPANCO, aged 32, married. JOHN CONTOK, aged 45, married. Fortunately a friend advised trying 'Electric Bitters,' and to my great joy and surprise, a first bottle made a decided improvement. ST. The sum of \$1,000 was obtained by the fraudulent transactions. The warrants will be asserted at least \$30,000 and may reach \$60,000.

HE MAKES FACES AT THE JURYMAN.

William Atkinson, a carpenter, swore to a complaint in the Police Court this morning charging Manuel Francisco with disturbing his peace. Atkinson was on a jury which awarded Miss Alice Moss \$250 damages in her suit against Francisco. Judge Quinn took occasion to rebuke the jury, and ever since, Atkinson claims, whenever he meets Francisco, the latter makes faces at him and casts slurs about his being on a fixed jury and such things, which Atkinson says are very disagreeable to him. Atkinson insists that he feels as certain now as ever that the verdict of the jury was a just one, and he says that unless Francisco ceases he will take the matter into his own hands. It is reported that Francisco will swear to a complaint charging Atkinson with vulgar language. The case promises to be an amusing one under the circumstances.

TWENTY MEN TO CHOSE FROM.

Aspirants for the President's Chair at Berkeley

There will be a lively battle over the election of a man to succeed Martin Kellogg as President of the University of California. There are twenty candidates in the field, and they represent all sections of the country. The names of the aspirants are as follows: J. E. Stubbs, President of Nevada University; Edward N. Vandenhout of Wilmington, Del.; Frank W. Blackmar of Lawrence, Kas.; Dr. Fritchett of Washington, D. C.; Benjamin I. Wheeler of Ithaca, N. Y.; President Hyde of Bowdoin College, Brunswick, Me.; F. West of Princeton College; Arthur R. Marsh of University of Kansas; Professor Cummings of Harvard University; Professor Jameson of Brown University; M. E. Wadsworth of Harvard University; Dr. Jacob Vooranger of San Francisco; Edwin M. Hopkins of Lawrence, Kas.; Alexander S. MacKenzie of Philadelphia; W. Le Conte Stevens of Washington, D. C.; Joshua Lippincott of Kansas City, Mo.; John Goss of Oakland; William Carey Jones of Berkeley; J. B. Raymond of Wheeling, W. Va.

At the meeting of the Regents of the University yesterday, the subject of electing a successor was introduced, but it was laid over until two weeks from next Tuesday, because of the desire of the members to settle the question of a financial deficit of \$600,000 which the institution must suffer during the next two years. There was some talk on the successorship subject, however, when H. S. Foote asked who the candidates for the position were. Regent Rodgers said that publicity could not be given to the names of applicants without placing some of them in a delicate position with their respective universities. "I consider it," said Regent Foote, "an honor for a man to be considered a possible candidate for the Presidency of the University of California, and his Board of Regents ought to consider him the more valuable man on that account. I know nothing about these gentlemen, and I have no right to say one is better than another. I want to know something about all of them. Perhaps the best name has not been suggested. Give publicity to the names and then we shall hear all about the men."

Regent Wallace indicated Mr. Foote's views, however, by the proposal to make the names public was voted down, a motion to give a copy of the names to each Regent prevailing instead. The names published above are those of men who have actually filed applications for the appointment, but there will be others whose names will be suggested by Regents and whose names have not, thus far, been mentioned. As the question stands now, many of the Regents know little about the merits of the respective candidates. The Regents voted today a motion to charge tuition to students, except to those who cannot pay as a means of offsetting the expected deficit.

BUCKLEY IN THE SADDLE.

His Old-Time Cohorts Rally to Down Phelan. Interesting Gossip as to Dispensation of Patronage. Dibble to Give Loud a Race for Congress Next Year.

(Special to the Tribune.)

SAN FRANCISCO, May 12.—It is a hazardous undertaking to sit down and attempt to write anything in the line of political prophecies at this time, for at any moment the Governor may announce the long-delayed batch of appointments, and there is no telling what calculations will be upset when he does so. The best thing to be done, therefore, is to simply relate the gossip and incidents connected with the various fights, for no matter what happens, that part of the proposition must at least be correct.

Outside, perhaps, of the Paris Commission there has been no fight to which so much interest has been attached as that of the Registrarship. For awhile it dragged along as a quadrangular proposition, the contestants being Jake Steppacher, Assistant Attorney General, George Pippy and Lou Hanchette. Steppacher, as Secretary of the Republican State Central Committee, has had the backing of that organization; Rickard has been favored by Colonel Burns; Pippy was Wendell; Hanchette's candidate, and Hanchette relied upon the Crocker interests.

Gradually the fight simmered down to between Steppacher and Rickard, and then a battle royal started up on a friendly basis. Some people have endeavored to make it appear that it was a test case of the influence of McLaughlin as against that of Burns on this particular proposition, but such was not so, for the only way they antagonized each other was as regards the various points they advanced to the Governor in behalf of their respective candidates.

At this writing, Steppacher, though not appointed, is receiving the congratulations of his friends, but Rickard is not downcast by the situation. He thinks he will win out yet and says that a compromise will be arranged by which Steppacher will be appointed Secretary of the Board of Health. As the Registrarship is worth \$300 a month as against \$200 a month for the Secretaryship, it can easily be understood that Steppacher will hold out for the first place as long as there is a chance in sight.

LEGISLATORS REWARD.

Rickard's candidacy created some comment at first, for there was a rumor about that the Governor would not appoint to office anyone who was a member of the last Legislature. This, however, was ill-disproved by the appointment of Assemblyman Conroy of Los Angeles as one of the Trustees of the San Diego Normal School, and it is well known that quite a number of members of the last legislative body had staked for good positions.

Assemblyman Kelsey of Santa Clara, for example, is said to have the inside track for Labor Commissioner, though Lou Martin has by no means abandoned hope regarding the place. Kelsey, however, is being urged by Senator Shortridge, Jim Lea and all the Santa Clara organization so on the face of things it looks as if his prospects are somewhat brighter than those of the other candidates.

Assemblyman Lankford, Barry and Sullivan of the last House have all been provided with positions worth \$300 a month each in the Tax Collector's office, while Assemblyman Arnerich has been given the job of wharfinger at the Union street wharf with a salary of \$25 a month. Assemblyman Devoto has turned the limelight of his ambition on the job of Health Officer now held by Buckley, but the impression prevails that he will not be quite able to make connections.

Senator Hays of San Francisco feels worse than anybody on the patronage proposition, for he was to have been Chief of the water front police, a position paying \$200 a month. Just as he thought everything was all right, though, Commissioner Kilburn sent his wave of economy sweeping through the department, with the result that the Harbor Police were abolished and Hays therefore ruined out of his job.

DIBBLE IN CONGRESS.

When Grove Johnson was given a Directorship on the State Agricultural Society this week the question went the rounds of what rewards will fall to the lot of the other leaders of the House, Assemblyman Dibble.

The answer to that is that if the party organization can succeed in throwing things his way, he will be given the nomination for Congress in the Fifth District next year. It is true that Senator Eddie Wolfe and Senator Shortridge have also declared themselves in that same race, but those who are regarded as on the inside say that the necessary influence will be with Dibble when the right time comes. It is of course unnecessary to add that there will be a fourth candidate in the field in the person of Congressman Loud for he has no desire to surrender his seat at Washington and will make the best fight he can to retain it.

Quite a number of members of the last Senate will be candidates for Congress next year, in addition to Wolfe and Shortridge. Up north, Judge Barnham's seat from the First District will be contested by Senator Gillette. Senator Smith of Bakersfield wants to represent the Seventh District, while Senator Bulla of Los Angeles is mentioned for the Sixth. It is said that in Bulla's case he has decided that the time is not yet ripe for him to be able to reach the United States Senate, but that meantime he will be satisfied to go to Congress and add to his record there.

HOW ABOUT RYAN?

The appointment of Frank Ryan of Sacramento as a Normal School Trustee created quite a little surprise, for although the general public may deem that quite an honor was conferred upon him, in all probability he scarcely regards it that way. The reason is because the last Legislature passed a law making it illegal for one individual to hold two State offices, so, as a Normal School Trustee, Ryan is shut out from appointment as Code Commissioner or to some other salaried position.

Still it should be remembered that Ryan is a State Library Trustee, so whether or not the plan is to have him resign in that capacity remains to be seen. Ryan's ambition is to reach the Superior Bench, and the understanding was that if Judge Hart sent in his resignation Ryan would get the place. Hart, however, has apparently no intention to be so accommodating, so that has knocked out all the plans in that regard.

SHIELDS AND SMITH.

Whether or not Ed Smith will be re-instated as Secretary of the Agricultural Society is a question that will not remain long in doubt, for Grove Johnson, who has just been appointed a member of the Board, is understood to be championing his cause and will undoubtedly force the issue at the next regular meeting.

Great pressure is being exerted in Smith's behalf, and as he is presiding judge at Ingleside, he can bring lots of influence to bear from that direction. The place is well worth making a fight for, for it pays \$2,400 a year, and the duties are by no means onerous. If by any chance Smith fails to make connection with his old place as secretary he will probably go to Mexico this summer, for a first-class business opening has been offered to him there.

Should, however, Smith step in and Shields go out, that particular change is not the only one that will be made, for Shields has another trump card to play. His plan is to become Secretary of the Bank Commission, if possible, and as that place also pays \$2,400, he would lose nothing by the transaction. He, however, has not got a water-over by any means, as regards the Bank Commission secretaryship, for considerable competition is in progress for the place.

Of course, only Democrats are in line for the job, for the three Bank Commissioners, Murphy, Markley and Barrett all belong to that party and will see that the patronage goes to their own people. Joe Gorman, who was formerly assistant secretary of the State Board of Examiners, is a candidate and is favored by Markley, with whom he saw service at Sacramento, while General Peeler, who succeeds Barrett as Adjutant-General of the State, also wants the place.

San Francisco is, however, making a big bid for recognition on the ground that the metropolis is not represented on the Commission. This, however, must not be construed as making matters very much better for Gorman, for some of the leaders have another candidate up their sleeves whose name for good reasons it is not advisable to mention at this time.

BUCKLEY GAINING GROUND.

Passing to San Francisco politics, a matter worthy of note is the rapid advance Chris Buckley is making since he started to gather in his old lines. The prophecy that was made a few weeks ago, when he declared himself in politics again, that he would control the primaries at the approaching election, seems very likely to be fulfilled, for his old-time friends and supporters are rallying fast to his standard.

Re-recorder Tom Glynn is his chief lieutenant, and it is this fact that makes many think that no alliance will be made between Phelan and Buckley, for Phelan turned Glynn down very hard when the committee of 100 was in control, and it is but natural that Glynn should be anxious to find an opportunity to retaliate. However, there is no telling what will happen in politics, for if Buckley should decide to tie up with Phelan, the Glynn trouble could, of course, be very easily fixed up.

It is a source of great satisfaction to Buckley to find how willingly his old supporters are answering his call. All that is necessary is to send around a message that "Chris wants to see Mr.

So-and-so" this afternoon, and the punctual compliance shows with what pleasure his return to the political field is hailed by his former followers.

PHELAN'S DESPERATE FIGHT.

Phelan is working night and day to make combinations that will keep him in the Mayor's chair for another term, for in view of the many stories going the rounds about his unpopularity with the masses of the Democratic party, he is very anxious to show that such is not the case. Then, again, he realizes that if he is beaten at the polls now all his gubernatorial and senatorial ambitions will be knocked in the head effectually.

His alliance with Maguire will not bring him as much strength as some people think, for although Maguire personally is quite popular in the party, some of his principal lieutenants are far from being that way. Another important feature of Phelan's fight, too, is that this time he will have to go on the ticket with but one nomination credited to him, for under the Rickard law all doubling up of parties is precluded.

As the election is to take place next November, candidates for the various offices named in the new charter are fast appearing on the scene, one of the latest, time given out being that Police Judge Conner will endeavor to become Superior Judge. A queer anomaly has been found in the charter as a result of Conner's ambitions, for the new measure provides that a candidate for Police Judge must have been a practitioner for at least five years. As no such restrictions are placed upon candidates for the Superior bench it can be seen that it would be possible for a beginner in the law to hold that office as soon as he could get his name on the roll of attorneys who are entitled to practice in every court of the State, whereas a five years' apprenticeship is demanded from would-be Police Judges.

THE RACE TRACK TROUBLE.

Just what effect the victory gained by the Ingleside people in securing a permanent injunction against the police will have upon the proposed new race track in San Mateo county is as yet a matter of conjecture. There are all kinds of rumors going the rounds as to what the program will be, some being of the opinion that sooner than see the track go to San Mateo county the Supervisors will be willing to repeal the restrictive ordinance now in effect.

President Andrews will, it is said, retire from the head of the concern with the close of the present season, as his duties as postmaster at Pomona will not permit his devoting the time required for the position at San Francisco. The retirement of Major Andrews will be regretted generally in racing circles, for his record as being square and above board is beyond all criticism.

Speaking of racing matters, it may be mentioned that when the poolrooms open at Sausalito on Monday, May 22d, three establishments will in all probability cater for business. Last year there was a close corporation of two, but this time it has been decided to let a third come in so as to avoid any legal wrangles at a time like this, when the business is in a very ticklish condition as far as public sentiment is concerned.

ODDS AND ENDS.

The papers have been served upon "Ruday" Herold in the suit brought by Col. Chadbourne to obtain Herold's place on the Harbor Commission. It is quietly given out that from now on the suit will be pushed so as to get the full benefits if a favorable decision is handed down.

Captain Norris, Receiver of the Land Office at Visalia, died suddenly this week. He was overtaken practically without warning, for only last Monday your correspondent received a letter from him, written in the best of spirits. The captain was a "gentleman of the old school," and his sudden call is mourned by his many social and political friends.

Senator Tom Flint is up from San Benito, looking as brown as a berry and as hearty as ever. Some of his friends are talking of booming him for Congress next year.

T. H. Selva is down from Eureka, in attendance on the Odd Fellows' convention. He will be remembered as one of the leading stump speakers of the last campaign, and was for awhile mentioned for the Republican nomination for Lieutenant Governor. He will probably come to the State Senate next year in Gillette's place.

Col. Paul M. Nippert of San Leandro will be a candidate for the Assembly next year. He is president of the State Wheelmen, and has a wide circle of friends to help him in his fight. The Crocker building has cleared out its tenants out of the big basement under the bank, and will, it is said, establish a safe deposit vault there.

According to a letter received here, the song "Hoch der Kaiser," the rendition of which, by Captain Coghlan, created such an international stir, was written by A. M. R. Gordon, formerly of Oakland. Gordon was employed on the Tribune half a dozen years ago, and he and his dog "Nellie" were well known around town. He went to Canada after leaving here and is now located at Montreal.

COMPLIMENTS FOR DR. DUNN.

No More Changes Made in Health Department.

The first regular meeting of the Board of Health since the appointment of the three new members was held last evening. All the members were present.

In making his report Health Officer Todd took occasion to express his gratitude to his predecessor, Dr. J. P. Dunn, for the many courtesies extended in relation to the change and for the kind manner in which Dr. Dunn had explained to him the workings of the department and duties of his position. He thanked the Board for the confidence reposed in him and took occasion to say that if at the end of his term the Board and the public held him in as high esteem as had been the case with his predecessor he would feel that he had done exceptionally well.

The reports of the Sanitary Inspector, Marine, Inspector, Bacteriologist and Chemist were read and placed on file. The report of Health Officer Dunn for the month of April was read. This report shows the month of April for the month to have been 57, of which 27 were due to contagious diseases, 35 to local diseases and 4 violent. There were 61 births reported for the month, of which 38 were males and 23 females. There were reported 20 cases of contagious and infectious diseases, from which there were 5 deaths.

Ers. Cunningham, Wood and Todd, with Chemist Tolmon, were appointed a committee to consider the establishment of a standard of foods.

Under the head of new business Dr. Hurlin moved to declare the positions of Secretary, Sanitary Inspector, Assistant Inspector and Market Inspector vacant. This motion was seconded by Dr. Wood.

Dr. Hurlin moved an amendment that action on this matter be deferred indefinitely.

Dr. Cunningham seconded the amendment, which was carried.

A communication from Henry Weber of Forty-third street and Telegraph avenue was read regarding a sewer for the North Commercial district. He called attention to the dangerous condition which existed there at the present time.

Considerable discussion followed, which resulted in the secretary being instructed to direct a communication to the Council asking that some relief be given the people in the annexed district in the way of sewers pending the adoption of a sewer system.

Secretary Snow stated that he had communicated with the Agricultural Department of Washington regarding a standard of pure foods, and had received the information that such a standard was being formulated.

The Board then adjourned.

WORK OF AUDITOR SOMEWHAT DELAYED.

Auditor Dreed will not be able to finish his work on the estimated cost of running the city for the next fiscal year as early as he had expected, on account of his inability to get the estimates of some departments until after June 1st. Those departments from which he has as yet no estimate are the Street, High School, Board of Education and various others.

The estimate of the Superintendent of Streets has not been filed yet with the Board of Public Works. The School Board has notified the Auditor that it will be impossible to furnish an estimate for its department before the 1st of June.

The Auditor is, as far as possible, and it will not be long after all the estimates are in before the Auditor will be able to let how much money will be needed to run the city.

WANTS TEACHERS TO BE PRESENT.

County Superintendent of Schools Crawford has received a communication from State Superintendent of Public Instruction Thomas J. Kirk, asking that the teachers of the county attend, if possible, the National Educational Association, which will meet in Los Angeles from the 11th to the 14th of July.

The names of all teachers attending the session will appear in the biennial report of the State Superintendent.

TRUSTEE BARNET IS DINED BY NATIVES.

Frank Barnett, the newly-elected grand trustee of the Native Sons of the Golden West, was tendered a reception and banquet last night under the auspices of Liedmont Parlor, N. S. G. W. The gathering was held in Loring Hall. The tables were spread in a convenient style and were surrounded by many of the guests' friends. The menu was an elaborate one and its discussion occupied several hours. At intervals songs were sung, stories told and speeches delivered, all of which proved most entertaining. The affair was in the hands of a committee of arrangements comprising D. W.

NEWS OF OUR NEIGHBORS

BERKELEY IS
AFTER A PASTOR.

BERKELEY, May 13.—The members of the North Berkeley Congregational Church are having a great deal of difficulty in securing a pastor. Within the past two years the church has lost three ministers by resignation, the latest being Dr. Thomas Boyd, who severed his connection with the congregation about three months ago in order to embark in evangelical work. A short time ago a call was issued to Dr. O. H. East, Oakland, but was declined. At present the congregation is considering the merits of three candidates—Dr. Bissell, who is attending the University, Dr. Glass of Vacaville and Dr. Cole of San Francisco. A meeting will be held on the evening of the 15th inst., when it is probable a call will be issued.

THE SALOON QUESTION.
The announcement that the Town Trustees do not see their way clear to passing an ordinance prohibiting the sale of liquor has stirred the temperance people to new efforts, although they concede that the odds are against them. They are very much surprised at the attitude of the Trustees of the Fifth Ward, which is prominent in religious circles. Trustee S. A. S. was confidently expected to come out strong for prohibition, but he claims that as his ward voted against prohibition he considers himself bound to abide by the decision of his constituents.

PRETTY WEDDING.
Last Thursday evening, Miss Mary E. Brenner and Theodore P. Harmon were united in marriage by the Rev. Dr. Doyle, pastor of Trinity M. E. Church, Berkeley. The marriage was performed at the residence of the pastor, no one being present except the witnesses. The attendants were Mr. and Mrs. W. J. Powell.

The bride is an estimable young lady who has just completed a course at the State University. Her home is at Santa Cruz.

Mr. Harmon is an artist of ability and formerly lived in Los Angeles. Mr. and Mrs. Harmon will make their home in this city.

MAY EXPIRE UNIVERSITIES.
The University of California and Stanford universities are threatened with expulsion from the Pacific Athletic Association for refusing to pay their debts to that body. California has refused to pay its football scholarship for the past two years and Stanford for last year, though they cleared several thousand dollars. The Athletic Association has decided to expel the universities if they did not pay within a month.

TROUBLES FOR FAY.
Charles A. Fay, the Berkeley millman, who was recently sentenced by Judge Quinn to serve six months in jail for cruelly beating his daughter, was sued yesterday for a divorce by Mrs. Laura Fay, who alleges failure to provide. Mrs. Fay has five small children. Fay was arrested during a debauch, in which he severely beat his little daughter, and Justice of the Peace Quinn gave him the hint for battery. It was thought at the time that the father would be further punished for his neglect of his child, but he was released as a result of his injuries.

GOLDEN GATE.

GOLDEN GATE. May 13.—The residents of Golden Gate have indicated a movement to have the local station moved from the street where it now stands to the sidewalk. In its present condition the building obstructs one side of the street, making traffic on that side very inconvenient. A communication was sent to Division Superintendent Adler in regard to the matter, asking the change to be made. Referring to the communication Mr. Adler said that the Railroad Company would be perfectly willing to make the desired change but the company did not own any property at the place to which the station was asked to be removed. The company would, however, make the change if the residents of Golden Gate would secure the necessary permission from the city authorities.

The officials of the city government will be present at a meeting of the Golden Gate Improvement Club next Thursday at Kinkadee Hall. It is likely that the matter will be further considered at that time. The property owners on San Pablo have also been invited to attend the meeting.

CHAPLAIN BATEMAN

BASKET BALL
GAME IN ALAMEDA

ALAMEDA. May 13.—The regular monthly meeting of the Municipal League, which will be held next Monday evening, will be of more than usual importance, as the advisability of framing a new charter for the town will be discussed. Many citizens believe that Alameda is cramped by the restrictions placed about fifth-class cities, under which head this place is governed, and that with these impediments removed Alameda would increase rapidly in population and importance.

STREET WORK.
Considerable street work is being done throughout town. Contractor Schumacher is macadamizing San Jose avenue between High street and Versailles avenue, a distance of five blocks. Lincoln avenue, from the corner line, for a distance of three blocks, is being macadamized by T. A. & Wilson. It was also the intention of the authorities to have Louisiana street macadamized, but as the property owners are desirous of having the work done by private contract, the proceedings were postponed. A resolution of intention to sidewalk the south side of Dayton avenue between Park and Sherman streets is in the hands of the Street Committee of the Board of Trustees.

LOCAL YACHTSMEN.
The yachtsmen and oarsmen of Alameda are looking forward to a very lively season. One of the most important events of the season will be the annual regatta of the A. R. Y. C., which will be held next month. The committee having the affair in charge consists of Captain Harmon, Lieutenant Lubbock, Vice-President Russell, Coach Pembroke and H. W. Voss. There is some talk of having the inter-dub regatta held on the estuary this year.

CHARGED WITH INSANITY.
Mrs. Bella Leach of 1815 St. Charles street, who has been arrested on a charge of disturbing the peace and who is believed to be insane, will probably be sent to friends in the East for care. The husband of the unfortunate woman is Captain Leach, who was in the United States transport service, which is at present engaged in bringing troops home from Cuba. Mrs. Leach was arrested on complaint of neighbors. After being detained at the police station for a few hours, she was taken down and was allowed to return to her home.

TENNIS TOURNAMENT.
A tennis tournament for the singles championship of the county will be held on the Alameda Tennis Club's courts, Memorial Day. The entries close Saturday, May 25th, at 6 P. M. Entries may be sent to Robert Hunt, 120 Grand street. The matches will be best two out of three sets, except the final match, which will be best three out of five.

TWO MUCH FOR MESSER.
J. O. Messer, engineer of the City Electric Light Works, has sent in his resignation to the Board of Trustees. At the last meeting of the Board Messer was notified that henceforth he would not be allowed assistance in winning the engine and dynamo, consequently his hours of labor have been reduced and he has expressed the fact that he has become sick from overwork.

BASKET BALL GAME.

The basket ball game between the girls of the Alameda High school and the Longfellow school is in progress today. The game will be played for the benefit of the Alameda Women's Charitable Association.

Among the prominent society ladies interested in the association are the following: Mrs. S. A. O'Neill, president; Mrs. M. F. McGinn, secretary; Mrs. George H. Mastick, vice-president; Mrs. R. W. McChesney, treasurer; Miss Maude Jackson, collector; Mrs. George Palmer, Mrs. T. P. Field, Mrs. A. A. McCartney, Mrs. Gould, Mrs. Kane, Miss Mollie Kane, Mrs. C. S. Neill, Mrs. G. W. Williams, Mrs. C. D. Winter, Mrs. McAnney, Mrs. Geo. Plummer, Mrs. Charles Hull, Mrs. C. L. Thibault, Mrs. Richard Kelly, Mrs. Peter White, Mrs. H. Carpenter, Mrs. Bates, Mrs. O'Connor, Mrs. Maiken, Mrs. C. L. Mel, Mrs. Frank O'Leary, Mrs. Mary Mastick, Mrs. Peter Outcalt, Mrs. Buckley, Mrs. R. B. Mitchell, Mrs. Thorne, Mrs. C. J. O'Neil, Mrs. M. Smith, Mrs. Krueger, Mrs. George Wagner, Mrs. Joseph Leonard, Mrs. S. Scofield, Mrs. P. S. Teller, Mrs. F. D. Colburn, Mrs. G. C. Ball, Mrs. Henry Hauch, Mrs. John Ellsworth, Mrs. Dunken, Mrs. Arthur Brown, Mrs. Edwin, Mrs. Miss E. Brown, Mrs. W. H. Souther, Mrs. E. Alton Smith, Mrs. Ed Anthony, Mrs. John Mason, Mrs. John Metcalfe and Mrs. Allen Neal.

MINOR NEWS NOTES.

A regular meeting of the Board of Trustees will be held next Monday night.

A meeting of the members of Community G was held Thursday evening in Emory Hall to make arrangements for the reorganization of the company. The boys expect to be mustered in without delay.

A social and entertainment was held last evening in the United Presbyterian Church. A very pleasing program was rendered by Mrs. Harry Lippman, Mrs. P. O. Dickinson, Miss Alma (Greenwell) and A. G. Burns.

Frederick Mander, who has been visiting at Leona Heights, while out walking Thursday evening, stumbled over a rock and fell a distance of thirty feet into a ravine, dislocating his left shoulder.

The following Alamedans will be out camping at Moraga Valley: C. P. Flatter, Capt. M. W. Simpson, Chas. Frost, R. B. Tappan, Justice Morris, George Gray and P. O. Schuman.

CLASS DAY AT
THE UNIVERSITY.

STATE UNIVERSITY. May 13.—This is Class Day at the State University. There is a large attendance at the exercises and everything is passing off nicely. By tradition it is the day on which the students whose four years' course is complete celebrate the event by taking their last farewell of the college before joining the ranks of the alumni. The class of 1929, which graduated this commencement, have made elaborate plans for carrying out this old college custom. Their celebration consists of exercises held both morning and afternoon.

At 9:30 o'clock this morning the class, headed by a band from the Presidio, started on its pilgrimage of farewell. From the oaks on the lower campus the procession moved to South Hall, where Earl Swan made the address. From there to the college buildings in succession the procession moved on, the order of buildings and the speaker at each being as follows: Chemistry building, Ralph C. Daniels; college of mining, Lloyd N. Scott; philosophy hall, William T. Mooney; mechanical building, Bert L. Quayle; north hall, Charles E. Thomas; library, Harold S. Symmes; Bagstaff, Ira J. Abraham.

The afternoon exercises were in the nature of a spectacular Persian pageant, held in the natural amphitheater behind the chemistry building. All the members of the class, both men and women, were arrayed in Persian costumes. The proceedings, intended as an allegory of college life were under the guise of a Persian wedding. The seniors recounted the history of their four years' life at college and one of them as a Persian astrologer made the forecast of their future. Among those taking the more prominent parts were Earl Swan, Charles E. Thomas, Lloyd N. Scott and Charles E. Thomas. The exercises began at 2 o'clock.

W/S NOT LOOKING
FOR EARTHLY REWARD.

A peculiar illustration of how the true Christian works in this world for hope of reward in heaven is given in the following:

A certain woman in this city called upon Morton L. Cook, the manager of the car advertising industry, to see what it would cost to have Scriptural placards hung in the cars of the local trains. The advertising agent told her that the proposed cards would be placed in the cars for \$50 a month. The woman agreed to order the following cards hung in the cars:

"Seek ye the Lord while he may be found; call ye upon him while he is near." Isaiah, lv.

"For what is a man profited if he shall take the whole world and lose his own soul; or what shall a man give in exchange for his soul. Matthew, xvi:26.

"Repent ye, therefore, and be converted that your sins may be blotted out. Acts, iii:19.

"But, madam, there surely cannot be any monetary returns to you from such advertising," quoth the advertiser.

"I know," replied the Oakland Christian. "There's no reward here for me. I will take your terms for these months."

WATSONVILLE AGAINST OAKLAND TOMORROW

The Oaklandians will have an opportunity to reform themselves tomorrow in the game with Watsonville at the Golden Gate grounds. The game promises to be an interesting contest, and if the local team should win it and the afternoon game

TALL HATS ARE
UNDER THE BAN.

The Endeavorers Will
Have An Unobstructed View.

Tall hats will have to be removed at the forthcoming meetings of the State Christian Endeavor Convention to be held at the Exposition building in this city next week. At a meeting of the local '99 Committee of Arrangements at the Y. M. C. A. building last evening, action was taken providing that tall hats should be removed at convention meetings. Chairman John C. The final meeting of Chairman R. B. Gaylord's committee of ushers was held at the same time at the Y. M. C. A. auditorium. The white caps were given to each member. There are to be ten assistant chief ushers and 140 others on the staff of Chairman Gaylord. They will have charge of all the meetings during convention week, including the two big concerts on Monday and Tuesday evening. REV. LAW'S SALARY
WAS GARNISHED.

Rev. Y. Marshall Law, rector of the Church of the Advent, East Oakland, has been compelled to pay \$250 for a plumber's bill of \$250.

The work was done a year ago. Smith, the plumber, claimed that he had tried for a year to collect his bill. At last he resorted to the court, and secured judgment for the amount. The costs of the action were also paid upon Dr. Law. They were \$10. This, added to the original, made a total expense of \$260 for the rector. His salary was garnished to secure the payment. Dr. Law claims to know nothing about the bill or the work. He made no contest in the matter.
